The draft M.A.T. budget for 1937-38 may now be sent to F.A. with reference to para 42 of Secretary's notes.

The Financial Adviser to the Hon'ble the Resident.
U.O.No.F.1037-36/R.O.II, dated 5th Sept. 1936.

(47)

The following amendments are necessary:

(1) 6 Excise. B3 Other Charges.

Rs.450/- should be reduced under revised estimate for 1936-37 and budget estimate for 1937-38 (vide para 2 of S.R's. letter No.F.578/36, dated 9-9-1936).

(2) 24 Administration of Justice:

(a) Civil and Sessions Courts:

(48)

Rs.1,400/- is provided for leave salary for both the years 1936-37 and 1937-38. The actuals of the previous three years show that no expenditure was incurred on this account. The provision for one of the years may be cut out, if necessary after consulting the District Judge.

(b) F (3)(4) Contingencies.

(49)

The reduction of Rs.150/- should be carried out (vide S.R's. letter No.F.578-36, dated 9-9-1936) both in the revised and budget estimates.

(3) 31 Education.

(a) University.

(50)

The provision for Rs.300/- for grants-in-aid appears

appears unnecessary as the Inspector has already recommended the abolition of the college stipend of Rs.30/- per mensem.

(b) Secondary.

A further reduction of Rs.8,000/- has to be made in the revised estimate for 1936-37 and budget estimate for 1937-38 (vide para 2 of S.R's. letter No.F.578/36, dated 9-9-1936).

(1) There is no reference in the Notes to the proposal of localising the post of Munsiff-Magistrate In the U.O.Note on the review of expenditure under Administration of Justice, it was stated that the question was under reference to the District Magistrate.

When this question and others which are under examination, like the possibility of reducing the water-supply and sanitary grants, the abolition of the Training School, the cut in conveyance allowances to the Police, etc., are decided, we will be in a position to estimate our final figures. According to present revised and budget figures, the balance on 1-4-1937 will be -(vide para 32 of the Notes) -

		Rs.1,10,545
	Add.	Rs. 10,000 (as at para 1 above, less Rs.300 at item 3(a))
		Rs.1,20,545

We have therefore to find about Rs.80,000 in 1936-37 and Rs.46,000 in 1937-38 to arrive at the reserve of 2 lakhs. The water-supply and sanitary grants and the other items that are being examined further may be expected to yield this saving.

*

77,550	- Para 32 of Notes.
23,000	- Reduction under water-grant
54,550	
8,900	- As at para 1 above less Rs.1,400/- at item 2 (a)
45,650	

I may invite attention to one or two fresh points.

(1) At para 11 of Resident's letter to the Govt.

Government of India, No.10040, dated 17-11-1920, regarding the revision of the pay of establishments, the remark is made under 'Office of Inspector of Schools' that "it is proposed to revise the pay of the head-clerk to Rs.80-4-100 to place the post on the same footing as the head-clerkship of the Collector's office".

The present pay of the post is Rs.100-10-150 whereas the pay of the Collector's head-clerk is 80-4-120, the revision of which is now under consideration. Perhaps it may be examined why the pay of the head-clerk of the Inspector's office was increased to the present rate and whether the circumstances leading to the increase still continue to exist.

(55)

(2) The expenditure on inspection of Steam Boilers has risen as follows since 1933-34:

	Rs.	Receipts. Rs.
1933-34	687	580
1934-35	807	500
1935-36	1070	710
1936-37	1000	500
1937-38	1000	500

The Collector may perhaps be asked to examine this increased expenditure and say whether the fees charged for inspection may not be raised, or in the alternative, why the actual charges should not be distributed over the factories that benefit by the inspection.

(56)

(3) The expenditure on the up-keep of juvenile offenders is also rising:

	Rs.
1935-36	615
1936-37	2000
1937-38	3000

It is submitted for consideration whether the

the scrutiny that was proposed by Sir. William Barton in para 7 of his Note on the enquiry into the financial position of the Mysore Assigned Tract, dated 12-4-1925, may not be ordered now to see whether petty sentences of imprisonment are frequent, and to issue, if necessary, a -- circular to Magistrates as proposed by him. This may tend to reduce expenditure on the up-keep of juvenile offenders as well as on jails generally.

Revision of M.A.T. Budget for 1937-38.

Please see paras (42), (47) to (51) and (57) of notes and also S.Ns. 30 to 41.

A consolidated statement of amendments to the revised estimates for 1936-37 and the budget estimates for 1937-38 is prepared and submitted, with a draft express letter to the Government of India.

Account I - Police. In the revised estimates for 1936-37, under "Allowances & Honoraria", the Commr. of Police has shown a reduction of Rs.5,182/- (The original grant is Rs.18,000). It is understood that this is made up of (1) Rs.3,640 originally reserved by the Resident and (2) Rs. 1,542 on account of cut in conveyance allowances, etc. This is not correct. The actual reduction during 1936-37 is only Rs.1,542 and the revised estimate should therefore be Rs.18,000 minus Rs. 1,542 =-Rs. 16,458 or Rs.16,500 in round figures. In the budget estimates for 1937-38, a reduction of Rs.3,000 may be made, as the cuts in allowances, etc. will yield savings throughout the year(instead of from the 1st September as in 1936-37).

Account II - Education. In the revised estimated for 1936-37, the Inspector of Schools has shown Rs.8000 under 'Secondary' and Rs. 2,000 under 'Primary' in excess of the reduced ~~the~~ grants. In his letter, he states that the financial statements of all the schools are being -- scrutinised, that reductions will be made in the grants as far as justifiable and that any savings from the exces shown will be surrendered in due time. As the cuts have already been made, the correct procedure will be to show only the reduced grants and apply for additional appropriation if necessary. The grants as cut have accordingly been entered in the draft statement prepared by office.

For 1936-37, provision on account of pay of Inspector

of Schools has been increased on the presumption that Mr. Thompson will continue till the end of the year. The provision for 1937-38 (which is based on Mr.Edmonds' pay has not however been revised pending order re: his successor.

Account III - Medical and Public Health.

Under "A.3-Allowances" and "A.6-Contingencies", the reduced grants are Rs.36,000 and Rs.32,000 respectively; but the Residency Surgeon has shown Rs.36,900 under the former and Rs.34,000 under the latter in the revised estimates for 1936-37. Subject to approval, only the reduced grants have been shown in the statement.

In the draft budget already submitted to the Govt. of India, a sum of Rs.73,000 has been shown as water supply grant during 1936-37; and for 1937-38, a grant of Rs.50,000 has been proposed under 'Fresh Charges'. Proposals for reduction of expenditure of the Municipal Commission are still under examination; and the estimates may therefore be retained for the present.

Account IV- Other Expenditure Heads.

The Collector and District Magistrate has increased the estimates under (1) ~~Retaining Fee~~ Allowance to Govt.Pleader, (2) Fees to Pleaders in Criminal & Civil cases and (3) Diet and Road money to witnesses and accused persons. The increased estimates have been adopted for 1936-37; but for 1937-38, the original provisions have been retained.

The provision of Rs.1400 for leave salary of District Judge has been cut out in the current year's budget.

Under "Contingencies" of all offices, ~~only~~ the reduced grants have been shown both during 1936-37 and 1937-38.

The estimates under "Revenue and Receipts" for 1936-37 have also been revised wherever necessary.

The file may be sent to F.A. for favour of check and return.

The M.A.T.Budget file for 1937-38, containing the revised estimates for 1936-37 submitted by the Residency Surgeon, has been sent to the F.A. u/o. If approved, the p.u.c. and enclosure may also be sent to him for consideration along with the former. If the cut under 'A. 6-Other Expenses' is to be restored, the revised estimate under that head will have to be increased by Rs.2000/-. The provision for next year (1937-38) may also have to be increased.

(76) The draft may issue with the following correction under Account I Police.

The cut of Rs.1,500/- under Allowances in 1936-37 and Rs.3,000/- in 1937-38 should be under "Travelling Allowance" and not under 'House rent and other allowances' as the cut relates to conveyance allowance.

(77) As regards the restoration ⊛ of Rs.2,000/- under Account III Medical - A 6 - other expenses, we may allow the cut of Rs.2,000/- to stand for the present. The amount has only been reserved and at the time of surrender in November 1936 and after examination of the Residency Surgeon's letter, it may be re-allotted if necessary.

RESIDENCY SURGEON'S OFFICE,
BOWRING CIVIL HOSPITAL,

Bangalore, 13th Octr. *1936*.

My Dear Edwards,

I am sending herewith an advance copy of my letter No. 1360 /30 of to-day's date which has been submitted through the ordinary official channels. The reason I am doing so is that I am particularly anxious that you may read it with the revised budget estimates submitted by me and consider these two together.

As this letter is submitted some days after the revised budget estimates it is probable that an interval of several days will take place between their being placed before you through the ordinary office routine.

Yours Sincerely

Subject:—

REVIEW OF EXPENDITURE OF THE MYSORE ASSIGNED TRACT.

SIR,

I have the honour to refer you to your Memorandum No.F.578-36/R.O.II dated the 28th September 1936 and to submit the following remarks for the information of the Hon'ble the Resident concerning the increase in expenditure in the Medical Budget over Mr. Boag's figures:

2. It is to be noted that Mr. Boag's suggestions were made in 1925 when the Government Isolation Hospital was not in existence and therefore not a charge on the medical budget, and since when the Hajee Sir Ismail Sait Gosha Hospital has been considerably enlarged.

3. I give in tables "A" and "B" (attached) details of the increase over Mr. Boag's figures under "Allowances, Honoraria, etc." and "A-6. Other Expenses (Contingencies)" respectively. It will be seen that expenditure incurred on account of the two institutions mentioned forms a not inconsiderable proportion of the increase.

ALLOWANCES, HONORARIA, ETC:

4. About 50% of the increase under this head is accounted for by the increase of percentage refunds to Medical Officers; and in this connection it is to be noted that this increase is due to larger hospital receipts and is more than met out of such receipts. On the balance, therefore, no increased expenditure on this account has been incurred by Government; and I have the honour to suggest that this aspect should in fairness be judged on the balance, since an increase in earnings automatically calls for increase in outlay.

5. The remainder of the excess represents Ration and Washing Allowances to the Nursing Staff of the two new hospitals and also of the additional Nursing Staff at the Bowring and Lady Curzon Hospitals; and as the Hon'ble the Resident has assumed, I am satisfied that further reduction in this head is impossible.

A-6. OTHER EXPENSES:

6. Item (4) of this head "Excess Water Charges" is a new charge imposed in 1933. Previously no such charge was made upon the Medical Budget. Item (6) "Electric Power Charges" was also previously paid by the A.C.R.E., and was not included under this budget head. The 'nettmedical increase' is, therefore, Rs.18,600; and I submit that this increase will be justified on a reference to the statistics of hospital accommodation and number of patients treated which I give below, and which I may summarize as indicating the treatment of 1630 extra patients annually

at an average cost under this head of about Rs.11⅓ per patient.

	Printed Administration Report for 1927-28	Printed Administration Report for 1934-35
No. of beds in B. & L.C. Hospitals	192	214
Gosha Hospital	20	29
Isolation Hospital	nil	48
Total.	212	291
No. of Indoor patients treated.	4,150	5,781

It will thus be evident that the increased expenditure is of a recurring nature and the necessary concomitant of increased work done; and in this respect it differs from other heads such as "Office contingencies" where small reductions may sometimes be effected without loss of efficiency. From the progress of the work and expenditure during the present financial year it is to be feared that I may have to ask for the restoration of the amount of Rs.2,000/-, the surrender of which was tentatively proposed earlier in the year. In this connection I invite attention to my remarks made against this head in the revised estimates submitted by me under this office No.981 dated 19th August 1936.

7. I may perhaps be permitted to add that I have studied the figures with considerable care and reached the conclusion that further reductions can only be effected by decrease in the volume of work done; and I assume that it is the desire of the Government of India, as I know it is that of the

Hon'ble the Resident, to avoid such reduction if at all possible.

8. The details of expenditure of Rs:71,700 called for are submitted as requested in Table-C.

I have the honour to be,

Sir,

Your most obedient servant,

Lt.-Col., I.M.S.,
Residency Surgeon.

Copy of a letter No.D/6358-B., dated New Delhi, the 5th January 1937, from the Assistant Secretary to the Government of India, Finance Department, to the Accountant-General, Madras.

Changes in the existing demand No. "42-Payments to Provincial Governments on account of Administration of Agency subjects."

In continuation of this Department letter No.D/4600-B., dated the 19th December 1936, and with reference to the correspondence ending with your U.O.I. No.Bud.59-1-198, dated the 24th December 1936, I am directed to say that in order to accommodate the provision for the Central Government's share of the cost of the treasury establishment at Bangalore in demand No.42, the Government of India have decided that, with effect from the year 1937-38, the existing nomenclature of the demand should be altered to "Payments to other Governments, Departments, etc, for work connected with General Administration" and that the demand, as revised above, should be divided into two sub-heads as indicated below:-

A - Payments to Provincial Governments on account of Administration of Agency Subjects.

B - Payments to the Crown Department on account of work done for or services rendered to the Central/Federal Government.

Sub-head A should be sub-divided so as to indicate separately the payments made to the different Provincial Governments.

The skeleton demand forms already sent should be corrected accordingly and the sum of Rs.3,700 payable by the Central Government on account of the share of the treasury establishment at Bangalore should be shown under the new sub-head B.

Education of Anglo-Indian and European Communities - Expenditure - Demands for Grants.

I am directed to invite a reference to the second paragraph of foot note (187) (copy enclosed for ready reference) of the Provisional issue of the list of major and minor heads which lays down that the expenditure in connection with the education of the Anglo-Indian and European Communities is to be distinguished from other expenditure under each of the minor heads subordinate to the Major Head 37-Education (list enclosed). This is in accordance with Section 83 of the Government of India Act, 1935. In order to distinguish the two classes of expenditure in the Demands for Grants, it is essential that they should be shown under separate sub-heads. As it is not possible to locate the provision for expenditure relating to the education of Anglo-Indian and European Communities for inclusion in the area grants, the Government of India will be glad if you will kindly examine the provision sanctioned from time to time for inclusion in the estimates for 1937-38 and furnish, at your earliest convenience, a statement showing separately the provision for expenditure for the education of Anglo-Indian and European Communities in respect of the area under your control.

Copy of second paragraph of foot note (187) of the Provisional Issue of the list of Major and minor heads.

Under each of the minor heads subordinate to this major head, the expenditure in connection with the education of the Anglo-Indian and European Communities may be distinguished from other expenditure.
